Shakespeare, Not Stirred: Cocktails For Your Everyday Dramas

Synopsis

In Shakespeare, Not Stirred, two professors mix equal parts booze and Bard to help you through your everyday dramas. It's like having Shakespeare right there in your living room, downing a great drink and putting your crappy day in perspective. So get out your cocktail shaker and lend him your ears. Each original cocktail and hors d'oeuvre recipe connects Shakespeare's characters to life's daily predicaments: Drown your sorrows after a workplace betrayal with Othello's Green-Eyed Monster. Distract yourself from domestic drama with Kate's Shrew-driver or Cleopatra's Flings in a Blanket. Recapture your youth with Puck's Magic 'Shrooms. Mark a romantic occasion with Beatrice and Benedick's Much Ado About Frothing. Featuring classic images from the Folger Shakespeare Library (hilariously doctored to feature some hard-partying Shakespearean protagonists) and Mini-Bards you can raid for extra context and commentary, Shakespeare, Not Stirred is a completely intoxicating experience.

Funny, smart and the PERFECT gift! It's so well written and has great recipes. The drink recipes are terrific and there are snack ideas too. If you have a friend who is into Brit Lit and even slightly fun, this is the gift to get.

A reminder that the great things of this world remain great. Hats off to the talented authors whose sense of humor as well as obvious respect for Shakespeare, delight us. I have purchased a number of copies to be awarded to those friends who will enjoy this entertaining work with us. Thank you.

Highly entertaining with solid cocktail recipes. Makes a great gift for the home cocktail enthusiast.

This book is a hoot, and the recipes aren't all that bad either!

A fun and educational read as you sip the libations from the included recipes."Thou dist drink the stale of horses, and the gilded puddleWhich beasts would cough at"Antony and Cleopatra 1.4.

Wonderful! I have purchased other copies for friends and recommended it to others. Just sit and read this with a cocktail in your hand after a long day and you will realize that your problems are no different than those who centuries ago had the same problems.

So great -- it isn't yet Thanksgiving, and this book solves many of my holiday gift dilemmas. Foodie friends will love it, friends in academia will love it and it will delight all those searching for ways to enliven their traditional happy hour beverage rosters. Witty, whimsical, and wholly wonderful -- a terrific book. Stockpile several copies for those hard-to-please folks on your own holiday gift list!

Delightful text. Historically accurate, creative, funny, and insightful. A must have for Shakespeare enthusiasts that enjoy reading with a cocktail in hand.
