Perfect 800: SAT Verbal: Advanced Strategies For Top Students

Synopsis

Getting into the nation's most competitive universities requires more than a good SAT score, it requires a perfect score. Perfect 800: SAT Math gives advanced students the tools needed to master the SAT math test. The book allows students to perfect their vocabulary skills by completing the activities on more than 100 practice sessions and quizzes. By offering important information on word parts, origins, grammar, and other necessary knowledge, Perfect 800: SAT Verbal gives students the opportunity to increase their understanding of the vocabulary commonly seen on the SAT test. The book also provides tips and strategies for acing the verbal portion of the test, including techniques for studying and a unique online practice test that analyzes the student's results immediately and offers suggestions for improving scores. Students also can use the book's list of online and print resources to evaluate additional study methods. This unique book is a great companion to Perfect 800: SAT Math.

Book Information

Series: Perfect 800

Paperback: 296 pages

Publisher: Prufrock Press (November 1, 2010)

Language: English

ISBN-10: 159363434X

ISBN-13: 978-1593634346

Product Dimensions: 8.6 x 0.7 x 10.9 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 3.4 out of 5 starsÂ See all reviewsÂ (8 customer reviews)

Customer Reviews

My rating of the book reflects my pedagogical differences with the author. I concur with the reviewer concerned with the editing that a one star rating is appropriate and I would advise potential buyers to carefully review the book for themselves prior to purchasing. It would be helpful to potential buyers if it was possible to look inside the book on . The author states that this book is intended to be used by "top students". If the book is of value to any student it would certainly be only "top

students"! While it may be of use in a classroom it is certainly not designed to be used by students trying to improve a SAT score on their own. In the product description it states that the book "gives advanced students the tools needed to master both the reading and writing portions..." I tend to think this is a bit misleading as it is a grammar / vocabulary practice book with a few tips for reading and writing. The "tips for reading and comprehension" take up all of one page! Compared to other publishers that present a book as being helpful in preparing for the reading and writing sections of the SAT this book can not be seriously given consideration. For a more comprehensive approach take a look at a series of books by Klass Tutoring - they seem to work well - The Ultimate SAT Tutorial: The Easiest and Most Effective Way to Raise Your Score
