## **Customer Reviews**

it looks good, but it wasn't what I was looking for, I wanted one for all Quarters, and the way it was stated I thought that was what I was getting, didn't know it was for 06 - 09.. was real helpfull and sent me the right one and even helped me to find it....I Love ....

The coin folder leaves spaces available for five extra quarters in the series after 2008.

Unfortunately, there will be SIX quarters issued in 2009 for the five U.S. territories (American Samoa, Guam, Puerto Rico, Northern Mariana Islands, and the U.S. Virgin Islands) and the District of Columbia.

This version folder allows the coins to fit in much more easily. No longer that thumb-numbing fight I put up with the last few years.

What can I say?...nice folders that I use to find at book stores and wal-mart...love that keeps us connected to everything. I wanted these to match the ones I already have. Good company to do business with.

not much to say here, it holds your quarters in an orderly fashion and it has a special place for the territories, some other folders didnt have spaces for the 2 editions of each quarter but this one did so YAY

This is NOT a complete set of the states, so if you want all of the states find another option. It is Vol. III, and the header for this is quite misleading.

I am using this to create gifts for my grandchildren.

Just like the older coin books I have. Easy to use.
