Love this book. I have had a wonderful Kenwood mixer with many attachments and cannot find the original booklet that came with it. This book has wonderful recipes as well as instructions on how to use the attachments...of which there are so many, one can forget how to use them. Much more than I expected! Also, if you can, get a Kenwood mixer, it's a workhorse. I've had mine for 12 yrs and its still working perfectly. These were made in England.

This is very much disappointing , thought i would have something valuable for the too much money paid for it , It doesn't even worth \$1 ,Unfortunately i can't return it because i bought it through from Egypt , Very cheap book in Everything , Take care please.
