these patterns are adorable! they were definitely not for those without patience though, all the little pieces were very annoying at times :) but the end result, with a steady hand and a calm mind, is cute!

this book is filled with cats i would love to adopt! many remind me of my own cats. i will be working from this book a lot. the patterns are easy to use and clear directions. i would recommend this book to any cat lover, and every applique-er.

I am a cat lover so this book is just great The patterns in this book are full sized which will make it much easier to use. The needleturn book will help me to do some projects from this book

Although I haven't even started projects in the book, I love it. It is so cute and I hope to make a quilt, wall-hanging or something from this very soon. I just enjoy sitting and looking through it to! I have only done some machine applique but look forward to trying hand applique. This book inspires the

imagination.

This is a wonderful book. I have her other book with adult cats and decided I really should have this book also. Directions are clear, and as a person fairly new to applique this is very helpful. A book to be enjoyed and I would recommend it to beginners and experienced quilters alike.

Nice clear directions for piecing together. Clear patterns to use. Personalities of cats do come through. Made couple small gifts for my cat loving friends. Nice.
