Customer Reviews

I received my pre-ordered Magical Amigurumi Toys book in the mail today. The book is filled with adorable amigurumi toys to crochet. I only saw the two teddy bears on the front cover when I ordered the book, and had no idea what the other designs were. I knew I had to make the bear patterns for my niece (and who am I kidding for myself as well since I love bears!) Much to my surprise, I love all of the toys in the book. The crochet instructions are very clear and every stitch used is shown with pictures in Chapter 1. It makes it very easy to understand the stitches and see an up close picture to know if you are doing it right. Every project has color pictures. The 15 crochet toy projects in the book are: Teeny-tiny bear, ballerina mouse, pacifier rattle, frilly pants and long-ear rabbit, tummy teddy, silky spring mouse, Leila the pony, superstar microphone, Sofia doll, Rudy doll, bug rattle, Streaky cat, Cuddly baby, Striped sock puppy, and monkey girl. I looked through all the project instructions. All the toys appear to start with a magic ring. I rarely use magic

rings and have not crocheted amigurumi toys; however, I started the cover bears head and body (much like making a hat on a small scale for me and sewing appliques on a hat) and didn't mind it since it will give a seamless look. Instructions were very easy to follow. I would like to note: if you are not comfortable working with a magic ring/continuous rows and using a stitch marker to keep track, you may want to think about it. My opinion is that you would need to be more than a beginner at crochet and having made previous amigurumi toys would be helpful. The stitches used are in U.S. stitches.
