Taste Of Home: The New Appetizer: 230 Recipes For Today's Party Starters

Synopsis

Launched in 1993, Taste of Home is the most popular recipe magazine in the world, with nearly 4 million paid subscribers. The delectable, practical recipes-more than 75 in each issue-are family favorites contributed by Taste of Home readers. The dishes, all beautifully photographed, capture special flavors of the season and are made with ingredients that home cooks are likely to have on hand or can readily find at a local supermarket. New recipe contests are announced every issue, and readers are encouraged to send their best recipes for Taste of Home's regular features, like "A Complete Meal in a Matter of Minutes," "Cooking for One or Two," "My Mom's Best Meal," "Super Snacks & Appetizers," and "Just Desserts." The magazine's unique staff of field editors is made up of more than 1,000 experienced home cooks located in each state and Canadian province, who regularly share recipes, well-liked menus and kitchen tips. Taste of Home is published six times a year and has three sister magazines, Simple & Delicious, Cooking for 2, and Healthy Cooking.

I bought this for my Mom for Christmas because they do a lot of entertaining and I knew she was looking for some fresh ideas. She is still raving about this book nearly two weeks later. The recipes are simple to make and use ingredients that you will either have in the pantry or can easily find at any grocery store. There are pictures on every page which really helps too. She has yet to find a recipe she is not excited about trying, this is definitely a great addition for any home cook!

This is a wonderful book. If you aren't hungry, you will be after just looking at the pictures and reading a few recipes. So far I've only tried one appetizer, one of the Mexican egg roll types and they were just delicious. We ended up making enough so we just had that one appetizer for dinner, it was that great. My whole family agreed and if the first one I tried is any indication of the rest of the book, then this is one of the only books on appetizers you'll ever need. It's well worth the price and most of the recipes are easy to make and with a lot of ingredients you have already in your home. Don't wait, buy it now.

This is a really nice cook book and makes a great gift to family or friends. I gave one of these books to my mother one year and my sister kept borrowing it from her. So this year we got her this book. It has a lot of great easy appetizer recipes for work events, game nights, or cook out etc.

Taste of Home: The New Appetizer: 230 recipes for today's party starters [Hardcover] Taste of Home Cook Books are easy and exceptionally well thought out for the person preparing appetizers for home parties and catering. However, the item purchased was nothing more than a reprint of their 2007 edition of this book. This was not mentioned in the web site description of the book as well as in the introduction section of the book. Failing to do so is nothing more than a deceptive misrepresentation of the publication by the author/publisher to increase their profits at the expense of the consumer. In plain English this act on their part could possibly be classified as a fraudulent misrepresentation of the book having new recipes added to the 2007 edition for financial gain.

From hot tidbits to cold, large party items to small, this book gives you plenty of ideas for wonderful snacks and appetizers for every taste and age. Full of wonderful pictures and easy recipes that use things you probably already have on hand, make this book a super addition to your collection and as always. TASTE OF HOME BOOKS are easy to read and contain a great variety of ideas. Highly recommend!

Taste of Home Appetizer is just as I thought it would be - full of tested recipes I could count on. They looked good - and best yet they tasted great. I was in need of recipes for my daughter's wedding. You can see what I was in charge of! My daughters-in-law helped me get it ready and we knew we had a hit when people were asking for recipes after the wedding. I gave my new bride the book to take home and ordered two more - one for each DIL.

I've been using this book for about a year. When we are invited to a party, it is the first resource I turn to. Even before I start looking on the Internet. The reason is because it gives me such good ideas for each occasion. I would caution potential buyers, if you are looking for an appetizer book that focuses mainly on low-cal/carb/sugar--this one isn't it. It does have recipes that meet the need for less carbs, but not many. So far everything I've tried has turned out well and have been enjoyed by all our guests.

This is actually my first venture into Taste of Home territory, and I must admit...I'm hooked! I really love this book. There is a nice variety of appetizers, it is wonderfully organized, and the pictures make everything look so delicious! I've made about 6 different appetizers so far, and they got graded as anywhere from B to A+++
