Screen Printing At Home: Print Your Own Fabric To Make Simple Sewn Projects

Synopsis

Do you love the idea of printing your own fabrics at home but don't know where to start? This comprehensive guide to screen printing shows you just how easy it is to create beautiful, hand printed fabrics at your kitchen table. Screen printing expert, Karen Lewis, demonstrates two screen printing techniques - stencilling and screen filler - and how they can be used to create stunning, professional results with basic, inexpensive equipment. Both techniques are explained using step-by-step text and photography. Karen also explains how to create simple sewn projects from your hand printed fabrics. The sewing patterns include an apron, tote bag and tea cosy, as well as ideas for how to print on ready made items such as tea towels to make fantastic gifts for friends and family.

Customer Reviews

There are many projects in this book that are easy to make and will add style to your home. The instructions are clear and the designs are clean and classic. The preview doesn't do the book justice- it has many more ideas and inspiration. I'm very happy with this purchase.

I like the different techniques on how to silk screen, I have not tried any of them as of yet hope to in the future

Thorough and very doable techniques for the novice or advanced quilter!!

Great reference for screen printing on a small home basis.
