Maine Coon Cats - The Owners Guide From Kitten To Old Age - Buying, Caring For, Grooming, Health, Training, And Understanding Your Maine Coon

Synopsis

Maine Coon Cats - The Owners Guide from Kitten to Old Age - is a must-have book for any responsible owner of a Maine Coon kitten or adult cat. This owner's guide contains up-to-date information and is full of useful advice written in an easy to read (and understand) style. Just some of the subjects covered include: origins and history of the Maine Coon cat, types and colors, buying an adult cat or kitten, male or female, pros and cons, rescue, adoption, breeders, catteries, personality, socialization, spaying, neutering, litter training, bringing your kitten home, grooming, combing, bathing, cat shows, health, vaccinations, training, understanding your Maine Coon, play and toys, food and nutrition, plus old age and what to expect. Written by an expert breeder and owner herself, Rosemary Kendall, writes in a fun and entertaining way while packing the book full of useful hints and tips about these cute and adorable cats. In addition, many top breed experts make contributions, including three special bonus chapters written by breeders who also show their Maine Coons. "As a new Maine Coon owner I wanted an A-Z guide to help me through all the stages of life. It certainly met all my expectations." - Amy Willis "Clearly a professional book which covers everything you need to know about the Maine Coon - funny and informative at the same time." - Alan Edwards

A very well written and accurate book on the Maine Coon Breed. I highly recommend it! A must read for Maine Coon Lovers. The only item in the whole book I did not fully agree with was the "line stating Maine Coon kittens grow slowly". That's funny to me, being a Maine Coon Breeder for 20

years. The kittens mature slowly, but grow like Great Dane puppies. Doubling in size each month from 1 to 6 months of age. Everything else in the book is "right on" as this breed is very special and so is this book. A great book on this breed!!!!!!Well worth the small purchase price.

I was so pleased to read this book as it is a very thorough owners' guide for the gorgeous Maine Coon cat. However, much of its material can also be applied to any cat! There is so much great material in this book, that, while I've been breeding Maine Coon cats for about 10 years, I learned several things while editing this book. My kitten buyers will each receive a copy of this book to take home with their kittens as I think it will be of use to them as they raise their kittens to happy and healthy adult kitties. Thank you for this very easy to read and comprehensive book on Maine Coon cat care.

Good book for Maine Coon owners however the writing is a bit difficult to follow. The author will change topics after just two sentences then switch to another, then back. A good editor would have caught all that. Otherwise the info is good.

A "must have" for any cat library collection. This book is chock full of great information on the magnificent Maine Coon breed that can also be useful for owners of any type of cat, pedigreed or not. I prefer the Kindle version for its color photo illustrations of the cats, but the paperback is nice in black and white too. I am a Maine Coon cat breeder myself and I love learning about different philosophies and methods utilized by others. I was also pleased to be asked to contribute as one of the breed experts for the Bonus Chapters included in the back of the book.

My Darling 15.5 old moggy died crossing the road. I was heart broken. The I used the axiom ' If you fall off horse get back onto one' Solution: Always wanted a Maine Coon.fascinated by their nature size and pictures. How to proceed? Answer: Follow the steps in this book."Bubba" is just magnificent. Thank you, the author's of this knowledge and how to do book.

This book is comprehensive but fun to read, full of solid information from a very experienced breeder. I would recommend this book to other Maine Coon owners, and even to all cat owners, because most of the information would apply to all cats.

Great informative book. This was a very quick and easy book to read, and had a lot of good advice.

It is well written, and enjoyable. It was almost as if the book were written with my Maine Coon cat in mind. I highly recommend it.

Lots of good information if you are looking for purebred cats. Great experience as a cat breeder and spends a great deal of the book discussing what to expect when buying a cat and showing cats. Pretty good basic information of this breed, much of the material could apply to other breeds of cats as well.
