Fix-It And Forget-It Slow Cooker Champion Recipes: 450 Of Our Very Best Recipes

Synopsis

Here are the best-loved slow cooker recipes all in one place. These are the champs. These are the ones that surprise you; because you didn't realize you were cooking when you made them. Because everyone at the table wants more! You can cook with these easy-to-follow, quick-to-prepare taste-stunners. If you already know you can cook, allow yourself to be surprised by the layers of flavors you can make in your slow cooker when you handle it well. You can trust these recipes because they are: Collected from some of America's best home cooks Tested in real-life settings Carefully selected from thousands of recipes Want to feel like a smart cook? Fix-It and Forget-It Slow Cooker Champion Recipes will make winners of you and your meal, whether you're cooking: Breakfast or brunch Stand-out roasts for your holiday meals Weeknight pasta dinners Quick or yeast breads Puddings or cakes Vegetarian specials Appetizers and snacks, or Big basics (your own cream of mushroom soup, yogurt, dried beans from scratch, applesauce, garden salsa, and more) You're going to love this. And so will your family and friends. Skyhorse Publishing, along with our Good Books and Arcade imprints, is proud to publish a broad range of cookbooks, including books on juicing, grilling, baking, frying, home brewing and winemaking, slow cookers, and cast iron cooking. We've been successful with books on gluten-free cooking, vegetarian and vegan cooking, paleo, raw foods, and more. Our list includes French cooking, Swedish cooking, Austrian and German cooking, Cajun cooking, as well as books on jerky, canning and preserving, peanut butter, meatballs, oil and vinegar, bone broth, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Love this cookbook. Great color photos to accompany the recipes. I really like the binder format, the easiest way to use a cookbook without breaking down the spine.

Love this book and the way it is set up. The author does an excellent job of explaining slow cookers in regard to their sizes, uses and the recipes. I own several of her books and am pleased with all of them.

Holy cow this is by far the biggest cookbook I have ever received. Recipes are endless, endless variety , easy instructions, awesome photos, you could use this for a year and not even being close to cooking them all. Can't wait to start using. So super ordered one for our son who loves to use his slow cooker.

This is a really good and useful book. Now that summer is here, the last thing we want to do is be heating up the kitchen when it's already 90 degrees out. With all these crock pot recipes, you can pretty much cook or bake anything you need, leaving your oven on vacation for the summer. This will also be very helpful for me when I am working a lot of OT during my busy season at work. This book was a great buy, and a good addition to my other book I have of hers "Baking with your slow cooker".

The contents of the book are excellent. The binding is the worst cheapest binding I ever saw. My first book was split up both ends of the binding, the front and back cover was actually coming apart and replaced it. The second one is in tact, but the cover paper is beginning to peal off. I would have paid more money for a higher quality binding.

Great book for slow cookers and just basic recipes. I have all of her fix it and forget it books.

The book content is fine but the book itself if terrible first time opening it it ripped! Wish is had gotten

it in another format really the binder & rings don't work together at all! Too much trouble to pack & return, will try & find a better type of binder to put it in, such a waste!

This revised edition is great. And the recipes are healthier than those in the old book
