## **Customer Reviews**

This book is full of recipes that somebody found on Pinterest, and the last 30 pages were nothing but advertisements for other books. Not saying that the recipes are bad...some of them are quite delicious. It's just not what I expected or hoped for. Zero original content.

This cookbook is fantastic. So is your other books. Thank you so much for your books. I would be totally lost without them. Anyone that likes to cook or needs new recipes these are the books for you. Try all her books, you wont be disappointed . Thank you. Gma 65

This recipe book was informative. However, the author's recipe for puff pastry is not completely authentic - it is very similar to a pie crust recipe but slightly different. Regardless, I still like the

recipes given.

I just love this Puff Pastry book!! It has so many wonderful recipes, it's hard to choose which one you want to make first!! I tried them all and they are soooo good!! You have to try them!! This book is a great buy! I love it!

I thought the book was decent, but not great. The author did give instructions for making homemade puff pastry, but most of the time, store bought puff pastry was used.

Okay but just not enough interesting recipes.

The recipes sound good and easy to prepare.

Everything I wanted to know, awesome book!
