Customer Reviews

There are so many beautiful motifs in this book. It's hard to choose which border I want for my project. Maria Diaz is a great pattern creator. It contains flower, chinese fans, shoes, dining sets, hearts, butterflies, etc. It's just beautiful! Highly recommend.

Love this book! Tons of really great borders, complete with photographs of each border stitched as well as the charts. Really beautifully done and lots of range in borders from simple to complex and lots of subject matter. Well worth the \$\$\$.

Tons of cute borders in this book! I especially like how it's arranged: color samples of a dozen or so, followed by the charts for each, grouped into themes. Really nice designs that have a "finished" quality to them. I just wish there was an alphabet version in this series - I'd definitely buy it!

This is a beautiful book. I have not stitched anything from it yet, but I find it very inspiring to look through! I may design my own sampler from it and stitch some towels, too! Some of the borders look very time- intensive but very beautiful. However, there are many that would stitch up quickly for a nice gift!

Excellent ideas and graphs!

I have almost all of Maria Diaz's cross stitch books, and I plan on making sure my cross stitch library has them all. Very lovely patterns - intricate but not difficult, easy to read, great results.

again the book is filled with awesome borders and perfect for project. The directions are clear and easy to use. now to start :)

Nice borders, well illustrated - Maria Diaz is excellent and the book is good quality.
