Customer Reviews

I have never felt so ripped off as I have with the purchase of this book. Here's Why: Pages 9-11 in the book focus strictly on convincing the reader why this book is supposedly so much better than Scholarship Websites. Here are a few reasons why you shouldn't fall for their arguments: 1. The authors publish an update of this book annually, but the only update appears to be a new cover with this year's date. 2. As a resident of Florida, I located one scholarship for Florida residents that included with the State Contact information the email for Charlie Crist, Governor of FL along with his email address. What's the Problem? Charlie Crist hasn't been the Governor of Florida in FOUR years, since 2011. Authors Gen and Kelly Tanabe couldn't be bothered to update this and other

information in four years, even though they've sold 4 "Updated" editions in the meantime? Also, many of the scholarships listed in the book that I looked up were either no longer being offered or had other out of date information.³ In the section that is organized by State, I looked up Florida scholarships in the "F" section such as Florida Bright Futures, Florida Oratorical Scholarship, Florida Engineers Scholarship, etc. What's the problem? Well, intertwined in these Florida scholarships is the Ford Opportunity Scholarship--because it, too, starts with an "F". But for whom does the book say the Ford scholarship is intended? "Oregon undergraduate students who are single parents." Oregon in the Florida section??? That might be difficult for those from Oregon to find. And there are many more examples just like this one. So, how do the authors handle the outdated information found in this book?
